To Market Growers and Florists

ONCE more we are greeting you at the beginning of a new season, and hope you will refer to this price list whenever in need of seeds. You as experienced growers fully realize how much the quality of seeds affects the returns from your planting. No matter how much care is given to the crop, if the seed sown is not of the finest quality the returns cannot be as profitable as they should be. Poor seeds waste time, labor, and fertilizer. They are expensive in the end.

Why consider anything except the finest, high-bred strains when Burpee's Seeds are priced so low again this year? You are assured that their quality is not only as good but even better than ever before, because it is our policy never to lower our high standard of quality no matter what the price. And, remember, Burpee's Seeds are sold under the liberal Burpee Guarantee (see page 2). For full descriptions of the varieties listed in this book refer to Burpee's Annual for 1935, our retail catalog.

May we have the pleasure of supplying you with your requirements this season? All your orders, large or small, will receive prompt and careful attention at all times.

Faithfully yours,

David Burpee

President

W. Atlee Burpee Jr.

Secretary-Treasurer

Special Wholesale Prices

For exclusive use of
Market Gardeners, Truckers, and Florists

Effective January 1, 1935, all invoices for purchases will be charged at the prices quoted in this Burpee Blue List, unless SPECIAL OFFERS are made by letter or telegram and referred to when the order is placed.

We expect to adhere throughout the spring to the prices quoted herein, unless some causes beyond our control require a change, in which case we shall be governed by the market. All goods are offered subject to prior sale, and we reserve the right to change prices without notice if it should become necessary.

Credit and Terms of Payment

Our terms are cash with order unless you have an account with us or are satisfactorily rated by the commercial agencies. To regular customers and those of approved credit, our terms are **60 days net**; 2% discount for cash in ten days from date of invoice, or 3% discount when cash accompanies the order, for Vegetable and Flower Seeds and Flower Bulbs. **No discount** on Grass or Clover Seeds, Onion Sets, Potatoes, Roots, and Supplies, which are **net cash**.

New customers, unless satisfactorily rated with the commercial agencies, should furnish us with at least three trade references. Orders from new customers amounting to less than \$5.00 should be accompanied by cash.

Orders for seeds will be shipped C. O. D. upon receipt of a deposit of 25% of the value of the order. Due to their perishable nature, Bulbs and Roots **cannot** be shipped C. O. D.

You run no risk in sending remittance with your order. Our reputation as honest and experienced seedsmen is known the world over. You can inquire of any bank or trust company or of your neighbors as to our responsibility.

Remit by money order, draft, or check. Register your letter if you send cash or stamps.

Free Delivery of Vegetable and Flower Seeds except where stated otherwise

All Vegetable and Flower Seeds offered in this Blue List will be delivered **postpaid** or **express paid**, except where stated otherwise. *On Grass and Clover Seeds, Onion Sets, Potatoes, and Roots, the purchaser pays the transportation charge.* If such goods are wanted by Parcel Post, include sufficient to cover postage on cash orders. On charge orders, postage will be invoiced. If in doubt as to the best and most economical method of shipment, we suggest that you leave this to our judgment.

Prompt Shipment. Practically every order is shipped the same day it is received. You can depend upon us to get your seeds on their way to you as quickly as possible.

Shipping Instructions

With each order, please give complete shipping instructions if goods are not to be sent by parcel post. Give the name of your express or freight office and on which railroad you wish goods shipped. This will assure correct routing.

Bags, boxes, and all packing required for safe shipment of your goods will be supplied free of charge. Marine insurance will be effected on foreign shipments **only** when so directed.

This Book, known as Burpee's Blue List

is for the exclusive use of Market Gardeners and Florists who, on account of the larger quantities of seeds they require, are entitled to these Special Wholesale Prices. We are anxious to do all we can to help you make a success of your business by supplying the finest seeds it is possible to furnish and let you have them at low prices. As a grower, you know the importance of Good Seeds; you cannot take chances on the quality of the seed from which you expect to make your profits. Sow Burpee's Tested Seeds—you can rely on them. They are guaranteed.

We do not offer the so-called Flower Seed "Trade Packet." Knowing that Florists prefer to buy in definite quantities, we have listed fractional ounce quantities and priced them as low as is consistent with first-class seeds. Should Market Gardeners or Florists want the small packets offered in Burpee's Annual retail book, we will gladly supply them at a special discount of 33 $\frac{1}{3}$ %. If bulbs or roots are wanted, we will allow you a 25% discount from the retail prices of separate varieties in small quantities; 20% discount on special collection offers. If large quantities of bulbs or roots are wanted, write for special quotation. No discount will be allowed on packets, bulbs, or roots if the retail value of goods ordered at one time is less than \$2.00.

Burpee's Annual Retail Garden Book

Every market gardener and florist should have a copy of Burpee's Annual Garden Book for 1935 because it is the best and most reliable retail seed catalog ever issued. It fully describes the best varieties of Vegetables, Flowers, and Bulbs. One of these books has been sent to you; keep it on your desk for reference. If you want another copy for yourself, friend or neighbor, let us know, and if you have any friends who grow for market, send us their names and addresses so that we may also mail them a copy of Burpee's Blue List. *Important:* the Blue List is for the exclusive use of the market gardener, trucker, and florist, so please do not let it get into the hands of retail buyers.

The Burpee Guarantee

We guarantee the safe arrival of your order, and the vitality and purity of our seeds and bulbs, to the full amount of the purchase price. You can have your money back any time within the year if you are not satisfied with the results. Even with the highest quality seeds and bulbs, success in gardening or farming depends largely upon cultivation, soil, and weather conditions. Therefore, in no case shall W. Atlee Burpee Co. be liable for more than the amount actually paid us for seeds or bulbs.

The Burpee SEED FARMS

Fordhook Farms

Doylestown, Pennsylvania

Fordhook is famous as the largest and most complete trial grounds in the world. Every year many thousands of comparative tests are made to insure Burpee customers of getting the best seeds that grow. Fordhook Farms are well equipped with the latest and most up-to-date machinery for seed growing. A large acreage of Burpee's Fordhook Farms is devoted every year to growing our special strain of Fordhook Vegetable and Fordhook Flower Seeds. Among the flowers most prominent are Poppies, Scarlet Sage, Snapdragons, and many others. Many new outstanding Vegetables and Flowers originated on Burpee's Fordhook Farms, and year after year thousands of selections and crosses are made here for the purpose of still further improving existing varieties and creating new and better varieties. Fordhook Farms are located within an hour's drive from Philadelphia. They are 24 miles directly north of Philadelphia, adjoining highway Route 611 leading from Philadelphia to Doylestown and Easton, and thence into the Poconos. You are cordially invited to visit Fordhook.

Above is a scene on Burpee's FORDHOOK FARMS showing a field of Bedding Petunias growing on the hillside.

We believe that our line of Petunias is the most complete and the finest that can be found anywhere.

The picture to the left shows annual flower seeds growing on Burpee's FLORADALE FARMS—the California Home of Flowers.

Below is a section of the Fordhook Trial Grounds, where every lot of seed sold by Burpee is carefully tested for quality.

Floradale Farms

Lompoc, California

Floradale is called "The California home of flowers." Acres upon acres of brilliant flowers are spread out like a great Turkish rug. In addition to Burpee's Sweet Peas, which are a great specialty on Floradale, we grow here every year a large acreage of Giant Petunias, Larkspur, Candytuft, Verbenas, California Poppies, Marigolds, Calendula, Floradale Daisy, Geranium, Golden African Daisy, and many others. If you are interested in what is new in flowers, Floradale will have a great attraction for you. You will find here the latest developments achieved by plant breeders all over the world, and you will also find new flowers from all corners of the world. The deep rich alluvial soil produces plump, full of vitality seeds, and the generous night dews during most of the growing season have no less influence upon the quality and germinating power of the seeds we grow on Floradale.

Floradale Farms are about 8 miles inland from the Pacific Ocean and 2 miles from Lompoc, a thriving little town located about 30 miles north of Santa Barbara. When you visit California, be sure to stop off at Floradale Farms.

We hope you will call and inspect our Farms this year

Burpee's Marvelous Giant Ruffled Sweet Peas

(SUMMER-FLOWERING)

The Newest and Most Beautiful of All

The new Giant Ruffled Sweet Peas are Burpee introductions, having been developed on the Burpee Floradale Farms in California after years of most careful breeding and selection. The main characteristic of this new type, acclaimed by experts as the greatest advancement in Sweet Peas, is the duplexness and extra frilliness of the flowers. This imparts a double appearance to the large wavy flowers, the frilliness extending even to the edges of the wings. Distinct, beautiful, and interesting.

BURPEE'S TWO LOVELY NEW GIANT SWEET PEAS FOR 1935

3550 Daylight

The color is a glorious primrose-pink brightened by tones of coral or peachbloom-pink changing to Orient-pink at the edge of the petals; the base of the petals as well as the keel are a rich yet soft cream. A suggestion of gold throughout is most pronounced on the back of the standard. A warmth and pleasing glow is given to the flowers by these rich tones of pink and gold in both the standard and wings. The flowers are large, of heavy substance and placed artistically in fours on long sturdy stems. Oz. \$2.10.

3448 Pacific

A charming Sweet Pea of an outstanding warm color—deeper fawn-pink lightly suffused and blended with coral-pink. A pleasing glow of amber adds considerably to the color value. The wings are pink about two shades lighter—a glorious blending of luminous golden pink and wild rose. The keel is creamy amber faintly marked with golden rose, which is carried well up into the wings. Pacific is a pink Sweet Pea that is different. It was given the Award of Merit, National Sweet Pea Society Trials in 1932. Oz. \$2.10.

Burpee's Sweet Peas

Early or Winter-Flowering

Burpee's Early or Winter-Flowering Sweet Peas have been developed particularly for greenhouse culture and for outdoor planting during the winter months in warmer climates, such as southern United States, Australia, New Zealand, and South Africa. In cooler climates they will bloom two to three weeks earlier than the Summer Flowering type sown at the same time, but will not flower as continuously. For general outdoor planting in cooler climates the Summer Flowering varieties on the following pages are used.

Burpee's Sweet Peas are famous the world over as the "Best That Grow." Flowers are large and usually come in fours on long, strong stems. Free blooming. Varieties marked with a star (*) are leaders of their class.
